Ten Cents

Higher Postage Starts Sunday Letters up 33% to 8 Cents

Postage rates are going up Sunday. The most painful increases will be letter mail which will be raised 33 percent to 8 cents. The announcement was made jointly by Lemon Grove Postmaster Frenchy Faucher and Spring Valley Postmaster William Fitzpatrick.

Faucher said that increases in several classes of postage rates will take effect May 16 as the new United States Pos-

tal Service begins its task of achieving self sufficiency as required by the Postal Reorganization Act.

Fitzpatrick said general postage rates have not been increased since 1967 when Congress passed what was to become its final legislative act in this respect.

He pointed out that, earlier, requests for rate increases were proposed to Congress in 1969 by both President John-

son and President Nixon. In addition, President Nixon proposed an increase again in 1970, although none of the proposed increases was acted upon by Congress.

Faucher said the new increases — authorized on a temporary basis until the newly created Postal Rate Commission can make recommendations to the Governors of the Postal Service on permanent changes — will raise first-class letter rates from 6 to 8 cents an ounce, and airmail letter rates from 10 to 11 cents an ounce. Post cards will go from 5 to 6 cents each and airmail post cards will go from 8 to 9 cents each.

The increases will be borne more by business than by individuals, the postmaster pointed out, since about 75 per cent of first class and airmail is from commercial mailers.

In addition to increases in first-class rates, second and third class will also go up Sunday. However, the full increases proposed by the Postal Service will not be put into effect on a temporary basis, in second and third class, since the postal reform legislation contemplates that such increases be phased over 5 years — or ten years for non-profit organizations — provided Congress appropriates the

necessary funds to ease the transition to full rates.

Because of the phasing provision, the increases to become effective Sunday for second and third-class will generally be only 1/5th of the total increase which has been proposed by the Postal Service.

No changes are made in the rates for parcel post, which is the principal component of fourth-class mail. However, initial increases will be made in the "book rate" which is classified as fourth class.

The new temporary rates also make changes in other postage rate categories and special service fees, such as special delivery and registered mail.

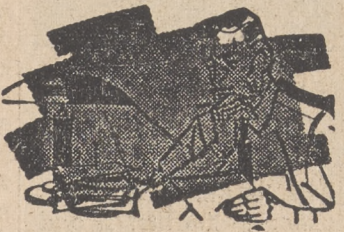

The Postal Service advised the public in February that it intended to make the temporary increases if the Postal Rate Commission did not make the recommended decision within 90 days of the request by the Postal Service.

Recently the Rate Commission confirmed that it will not be able to make a decision within the 90 days, and Sunday, May 16, was selected as the date on which the rates would become effective.

When the domestic changes go into effect, there will be conforming increases in letter rates to Canada and Mexico.

The Governor Responds

The Governor is angry — and so is his lady. We don't blame them.

Reagan could make more money — and certainly get more adulation — by tossing in the governorship and going back to the stage.

There was no sense in attacking his integrity concerning tax payments. He may be partisan and he may be conservative. But those who question his honesty ought better to spend their time doing their homework.

The governor was deeply hurt by the implications of tax evasion last week and he responded in language stronger than anything since the days of Harry S. Truman. Mrs. Reagan followed it up by saying the Governor ought to quit. Reagan's reply to the implication did not seem to get much currency either in the print or air media, but it is worth reading.

The response is that of a hurt, innocent, and honest man. Here's what the governor officially said for the press:

"It is difficult for me to understand or accept the necessity for the statement I am about to make."

"Having left an occupation in which my earnings each year were several times greater than the salary I receive in my present position it seemed self-evident I had not sought this office for any financial advantage nor has there been any."

"(Last week) a question was raised with regard to my tax liability for the year just past. You had an almost immediate and factual answer to that question without any attempt at evasion. Apparently that was not enough and some have attempted to make more of this situation than is warranted by the facts. Indeed, some have tried to intimate that somehow there was even a question of wrongdoing."

"With all the uproar that has followed I want the people of California to have the facts so there can be no doubt in anyone's mind."

"I have never avoided taxes or failed to pay an income tax owed in my entire adult life. For a number of years my annual tax was considerably more than my present gross earnings. With particular reference to the California income tax, during the five years I have served as governor I have paid state income taxes totaling \$91,128.22."

"However, last year — a rather trying year for a number of people — investment losses in relation to earnings were such that while I still owed and paid a federal income tax I did not have a state tax liability. Frankly I hope it does not happen again — not that I enjoy paying taxes but because I do not enjoy losing money."

"Some of you have already noted in your stories that my tax reform proposal last year advocated a minimum state income tax. I still advocate such a measure. Senator Moscone was a leader in the opposition to such a reform."

"May I interject right here that it has come to my attention that Senator Moscone alerted some of you Tuesday morning prior to the press conference to be on the watch for a very interesting question that would be asked in that press conference concerning my tax status. He subsequently then greeted with great shock and horrified surprise the result of such a question."

"These last 48 hours have been an example of cheap partisan politics unparalleled in the years I have been here in the capitol."

"It is time for the leadership of the majority party to actually display some leadership and get down to the business of offering solutions to the problems of tax reform, welfare reform and balancing the budget as well as holding the line on government costs and taxes. Phoney partisan politics will not hide the fact that this session of the legislature has accomplished very little and has avoided dealing with much of what the people have a right to expect."

Brawl Here Results In Fine For Three

SAN DIEGO (CNA) — A Lemon Grove brawl involving six men, resulted with three assailants being fined Monday in Superior Court on an assault with deadly weapon charge and put on three years' probation.

Robert Charles Baxter, 26, of 7306 San Pasqual st., Lemon Grove, Laverne Stenstrom, 28, of La Mesa, and David Milstead, 27, of Imperial Beach, were arrested Nov. 20 when sheriff's deputies were called to quell a fight at an auto parts store at 8260 Broadway.

The men arrested said they

were fighting with three others because they thought the latter were trying to steal the tools in their van.

The three victims, including Kenneth Larson, of Spring Valley, claimed they were buying dune buggy equipment when they were assaulted without reason.

The three assailants pleaded "no contest" to charges of battery and an assault with deadly weapon was dismissed. Judge Francis E. Gallagher Monday fined Milstead and Baxter each \$250, plus a penalty assessment of 25 per cent, and fined Stenstrom \$100 plus the assessment.

School District OK's PRD School Site

The Lemon Grove School District Board of Trustees met Monday night and approved a recommendation to the County Planning Department regarding subdivision activity, made award of supply bids for the 1971-72 year, and approved re-employment of personnel for next year.

The district was notified of the schedule of hearings established by the San Diego Planning Department to consider a proposed map of the planned residential development to be constructed in the angelus heights area.

The board was asked to make its recommendations on the matter by yesterday. The board agreed to approve the site, subject to written approval from the Pacific Bay Development Corporation, developers of the project, that the corporation will comply with San Diego City Policy No. 600-10.

Policy No. 600-10 requires

Kiwanis Club Nominates New Officers

The nominating committee of the Lemon Grove Kiwanis have selected the candidates for office in the 1971-1972 Kiwanis year.

For president, Dell Lake of Delrons, Lemon Grove; first vice president, Louis Poluzzi, Principal of Lemon Grove Jr. High School; second vice president, Mike Carlen, Rexall Drug, Lemon Grove; secretary, Craid Lake, Delrons; and treasurer, Al Woods, Bank of America.

Suggested candidates for the Board of Directors: Harold Ball; Len Farnes; Bill Floyd; Bob Knauer; Bill Melton; Noel Hanson; Elmer Ringerson; Jim Fredrickson; and John H. Johnson. Seven of the candidates are to be elected to the board.

The committee is headed by Francis Faucher, Postmaster of Lemon Grove.

that developers of a planned residential development must make a suitable site available for a school, and provide assistance in securing temporary school facilities while the school is being funded and constructed.

Assistance in securing temporary facilities could mean that the Pacific Bay Development Corporation would put portable classrooms on existing school grounds, provide temporary classrooms on the proposed new school site, or allow students to use the first units of the development as classrooms.

The district's recommendations made yesterday was qualified, in that the recommendations OK's the site for the proposed school contingent on the developers' meeting requirements of the district in the future.

The board also discussed and approved awarding of supply bids for the 1971-72 year. With the exception of one item, all bids awarded were the lowest. It was recommended to the board that the low bid on a brand of floor finished be rejected because the brand in question was inferior to what bid specifications called for.

Trustees also approved re-employment of teachers, administrators, and classified employees for the 1971-72 year. It was brought out to the meeting that Mrs. Dorothy Himmer, who has been with the district for 23 years, is retiring at the end of the current year.

Mrs. Himmer has taught second and third grade classes with the district, starting at Lemon Grove School before it became the junior high. Byron Netzey, superintendent of the district, called Mrs. Himmer "an excellent teacher." Netzey noted that she was "somewhat of a specialist in Indian lore."

In other action, trustees approved a report on ESEA Title I funds which are used to supplement the ESEA program at Golden Avenue School, listened to reports on salary proposals for certificated and classified employees, and carried two items over for the next board meeting.

FIRST PLACE — Colleen O'Connor, daughter of Mr. and Mrs. Patrick O'Connor, of 8021 Longdale dr., Lemon Grove, took first place in her division at the Maytime Band Review in National City earlier this month. Colleen, who has been twirling since she was seven

years old, led the Lemon Grove Junior High School March Band in the parade. In addition to Colleen's trophy, the school received a trophy for the marching band, which took second in its division.

S.V. CoC Calls Meeting On County Huge Tax Bite

The Spring Valley Chamber of Commerce shuddering under the coming impact of the proposed hike of 82 cents in the County tax rate, has called a public meeting over which the manager of the San Diego County Taxpayers Association will preside.

The meeting will be at 8 p.m. May 19 in the Old Chamber Building, 9050 Memory Ln. Chamber President William Fitzpatrick, who is also Spring Valley's postmaster, said this week "we must do something about taxes. None of us can continue to exist under the pressure of the continuous upward spiral of the cost of government."

Fitzpatrick said that Stanley Coombs, manager of Taxpayers Association, will try to answer the questions "What Can We Do About Taxes?" at the Wednesday meeting.

Coombs, Fitzpatrick said, is a tax expert who has been with the Association many years. "I think this man can help us solve our problems," he said. "I also have some ideas on the matter," he said.

In addition to tax discussion, chamber directors will be elected. The nominating committee has recommended the following list of officers and directors for the coming year.

President, William Fitzpatrick; 1st vice-president, Herbert R. Ketell; 2nd vice-president, Theodore Phillips; secretary, Helen Baker, and treasurer, Bess Bailey.

Directors: Dave Bailey, Electronics Engineer; Elda Corovano, Owner-Carmen Ranch Club; Eugene Pierson, Mgr. Bank of America, Sweetwater; Jamacha; Ed Goodbody, Mgr. Goodbody Mortuary; Charlotte Phillips, Property owner; George Robeson, Property owner; Chet Smith, Real Estate business; Larry Timmons, Pres. Advisory Board.

Parks & Recreation; Roy Williams, Principal La Presa Junior High School, and Bill Verbeck, Manufacturer.

A report will be given on the recent Spring Valley Beautiful cleanup campaign and the planning session for the Valley, Fitzpatrick said. Approximately 300 people can be seated in the chamber building and capacity attendance is expected.

OTD Kickoff At Capacity —Parade Next

The Old Time Days Kick-Off Dinner Saturday night was a success any way you look at it.

VFW Hall was filled to capacity. The dinner, catered by former L. G. businessman Jack Cruse was outstanding. The entertainment, mcd by radio's stellar character, Art Way, was scintillating, and the performers achieved perfection.

Jim Dorman, president of the Old Time Days, said he was "agreeably surprised" by the attendance. He paid homage to George Tomner for gathering together the entertainment which included Way, Harold the Terrible, the Galleys Slaves Kitchen Band, Laura Bolieu, who is Miss Lemon Grove; the Levis and Laces square dancers and the Lemonettes. Jim Wilson was dinner chairman.

There was also a list of door prizes which were distributed to the more fortunate. Supervisor Harry Scheidle made a surprise appearance and with his wife were warmly greeted.

The dinner is the prelude to Old Time Days coming May 20-23 with a parade on May 22 and a golf tourney at Bonita and an ice cream social on Sunday May 23 at St. John of the Cross church. A barbecue lunch will be served May 22 at St. Phillips Episcopal church following the parade.

Business houses will offer old time bargains during the 3-day event.

Husband, Wife Team

Meanwhile, parade chairman Robert Mastny and his chief assistant — his wife Arlene — have pretty well put the Saturday parade together.

It will start at 11 a.m. on Broadway at Massachusetts as a squadron of old time airplanes fly over. All of the planes are pre-war.

Then comes seven parade divisions, each with a marshal, a band, a color guard and a queen. There will be 16 units to each division, Mastny said.

"We have more entries right now — a week before the parade — than we had in the entire parade last year," Mastny said. We've got more bands, more pretty girls, more clowns and more motorcycles than ever before. We've got fire engines, old cars, horses and dune buggies. This has got to be the biggest parade in Old Time Days history," he said.

The parade will be led by Art Way, a KOGO radio personality who also took part in the OTD Kick Off dinner. He will be parade marshal. Laura Bolieu, who is Miss Lemon Grove will ride aboard a gleaming convertible. The Rotary will have a portable jail in which will be housed a small group which has been found "guilty" of littering. Youngsters will distribute War on Litter litterbags as the jail passes.

Program Readied

A tabloid newspaper with the parade order and other OTD news will be distributed along the route. Participating merchants will have advance copies of the program which is being prepared by this newspaper.

There will be a bleacher area at Mayfair Market. These were donated by Arise Scaffolding Inc. as a contribution to the community.

The parade will disperse at Kempf street after which a youngsters' costume contest will be held at Mayfair at the bleachers.

Rebuilt autos will be on display at Warren's Maple Shop. A 1923 fire truck will be a parade feature.

"People don't realize all the work that goes into a parade Mastny said. Most people are surprised to learn that motorcyclists often refuse to follow horses because of the skid hazard, and horses are skittish when following mo-

Editor:

Our California public school system was created to let each student rise to new heights of achievement and further to let each student find, within his capability and with competent guidance, his own level on the stairway of educational achievement. It was not created to be a leveler of students' minds.

Our public school system was also created to encourage students to meet their personal responsibilities of self-discipline, dependability, cooperativeness, industry, thrift and honor.

The needs of our public school system demand that the local school district be governed by the capable, the honorable, the far-seeing and the clear-seeing.

MCRD BAND — A band from the Marine Corps Recruit Depot in San Diego visited Highlands Elementary School in Spring Valley Monday, playing several selections and demonstrating each instrument to about 700 students. 35 Marines entertained the youngsters from all grade levels at the school for about an hour outside. Several of the Marines played "four-square" with some of the students before they left.

La Presa Students Go To Camp

Participants in the "Outdoor Education" program at Camp Cuyamaca, Camp Marston, and Palomar Mountain Camp will find it is more than a camping experience according to Ed Pumala, City-County Camp Commission director.

The sixth-grade boys and girls will come from the areas of El Cajon, Spring Valley, Loma Portal, Point Loma, and East San Diego the week of May 17-21.

Youths who will go to Camp Cuyamaca are 105 students from La Presa Elementary in Spring Valley. Going along with the students are teachers: Mrs. Carol Tilley, G. Fred Kerth, and Broyle Tibbits.

The four-day outdoor education program is nationally acclaimed and has served more than 18,000 youths throughout the San Diego County, according to Pumala.

Students are taught by specially selected teachers from the participating school. Through the "discovery method" of teaching, campers learn about such subjects as Indian history, conservation, astronomy, geology, and ecology.

The commission is funded by camping fees and contributions from the County and City of San Diego.

Student Architects Learn By Designing House For Auction

More than 50 advanced drafting students in the Grossmont Union High School District's eight high schools are involved in "Project Habitat," a contest which will result in plans for the advanced carpentry classes to use in building a house slated for the auction block.

The design contest, like others, is a contest within a contest. The judges will see only 16 plans, two from each school, selected by the student's classmates, his drafting teacher, and the visiting architect who spends several hours each week instructing students in the latest design and building techniques.

How well the techniques are portrayed in the final blueprints will be judged by a

Scouts Plan Campout For This Weekend

A weekend campout to Seeley in the Imperial Valley will begin Friday evening for members of Lemon Grove Boy Scout Troop 376.

Sponsored by St. Philip's Episcopal Church, 2660 Hardy dr., the Scouts are to leave by automobiles Friday and return Sunday afternoon.

Recognized as one of the most active units in San Diego County, this will be the fourth monthly campout this year for the Troop.

Other events planned this month include a Court of Awards ceremony at the church and a family outing at Picacho Campground in the Colorado River area, May 29-31.

room tables. As in any contest, several students give up, but the majority, secure in the knowledge that others have done it before, work and worry the details through to the final presentation.

What drives them is anybody's guess. Is it the competitive spirit, the several awards by the American Institute of Architects and the Grossmont District, a check, or that greatest award — seeing your own design being built for somebody to live in? Whatever it is, the Grossmont District's drafting students will have another plan ready for the carpenters this month.

Funds for the actual construction of the house will be provided by the San Diego County Savings and Loan Clearing Association, a composite group of all county savings and loan associations and their branches.

The student learns that there are some California architectural styles which will fit into most neighborhoods, and materials can be combined so that surfaces and spaces look larger than they really are. His concept of a fireplace need not include masonry, but can "swing" to the more modern freestanding or suspended metal forms.

Needless to say, the hours students spend in the school drafting room are not enough to design, draw, revise, and draw again a complete set of plans for a house that must be no more than 1456 square feet in area and then must be wheeled to its final location.

Many of the budding architects spend evenings and weekends over the plans on makeshift drawing boards propped on kitchen or dining

Auditions Set For Helix Play

The Music-Drama Workshop is held each summer as part of the summer school program.

"We expect this to be another great summer show," said Director-Producer Phil Patton.

Helix Girls Plan Annual Dinner Tonight

"Thank Heaven For Little Girls" was chosen as the theme for this year's Helix High School's Girls' League Banquet to be held tonight, at 7:30 p.m. in the Los Novios Wedding Chapel, 4400 Palm, La Mesa.

All Helix High School girls and their mothers are invited to the dessert banquet. Admission is free.

The purpose of the banquet is to install next year's Girls' League officers and committee chairmen, and also to honor this year's officers and chairmen. Leading Lassies will also receive recognition for outstanding Girls' League work during their four years at Helix.

"The hard work displayed by incoming and outgoing officers and cabinet members shows why Helix wants to say 'Thank Heaven For Little Girls,'" Kathy De Hope, Girls' League secretary and banquet co-ordinator, said.

Mt. Miguel ROTC Gets Annual IG

Each year the Mount Miguel ROTC holds its annual Inspector General inspection. This year's I.G. inspection was held April 19, consisting of an inspection party from the Sixth United States Army Headquarters located in San Francisco.

The inspecting party consisted of Lieutenant Colonel Rodgers, Major Kish, and Sergeant Major Keyes. They inspected not only the cadets, but the maintenance and military neatness in the arms room as well as in the office, at Mount Miguel High School.

Contrasting with last year's I.G. inspection, the drill team participated in this year's. "They looked very sharp with red scarfs, white belts, gloves, and helmets," said Col. Donald Grey, advisor.

Last year's company was made up of four platoons; this year's company consisted of five platoons and the Drill Team.

"The Reserve Officers Training Corps gave a good performance and is a credit to Mt. Miguel," said c/ILT Arthur Palmer, Cadet Company Executive Officer.

As a boy, Joe Louis, ex-heavyweight champion, had a job delivering ice.

Combined Choir Program Planned Tomorrow Night

While rowdy demonstrators are violently protesting war, Helix and Mt. Miguel high school choirs will sing their plea for peace and extol the horrors of war in a choral presentation tomorrow night at 8 p.m. in the Helix High School gym.

The concert will present R. Vaughan William's "Dona Nobis Pacem," a major choral work written following World War II. The work includes music set to Walt Whitman's "Beat, Beat, Drums" and "Dirge for Two Veterans."

The choirs and glee clubs of Helix High and Mt. Miguel, under the direction of Robert Rue and Carl Thompson, will be joined by selected musicians from the Grossmont District Orchestra. Also featured in the concert is a string quartet from the San Diego Symphony. Professional musical soloists, Marilyn Rue and Cleve Genslinger, from San Diego State College, will also participate.

Proceeds from the concert will go to the graduating senior scholarship fund, a fund set up to help promising music students. Donations are \$1.

Mt. Miguel to Try New Time Schedule

Starting Monday, students, faculty, and administration at Mt. Miguel High School will be experimenting with a new type of time schedule.

The schedule, which consists of the same number of days in school, will differ from the routine time schedule inasmuch as students will attend different classes according to the day of the week.

On Wednesdays, students will report to their odd-numbered periods for 90 minutes, and on Thursdays, students will report to their even-numbered classes for 90 minutes. Students will not have any changes in teachers, but on Wednesdays students will end classes 45 minutes later than the routine schedule. This will adjust itself on Thursdays when students will end classes 45 minutes earlier than usual.

There are varied reactions to the new time schedule from both students and faculty.

Thomas Hornecker, of the business department, feels the new schedule will be "Great! I can have some of my good students in my class for 90 minutes."

Joyce Hall, a junior, commented, "I like the 45 minutes better. It's shorter and you don't have as long and don't get as bored."

The decision for trying the new schedule came after protests, from both teachers and students, that classes such as biology, home economics, shop, and P.E. needed more time in class than the 45 minute schedule allowed.

At the end of the four-week experimental period, the schedule will be evaluated by faculty, students, and administration. If it proves beneficial, then it will be instituted at Mt. Miguel next year.

'Vaudeville' Show Planned

Old time vaudeville will return to Kempton Street School, 740 Kempton st., Spring Valley, today when the pupils present "On With the Show."

In the talent show, which is directed by Stephanie Weir, Margery Conard and Debra Claridge, some sixty pupils will appear in thirty-six acts.

Frank Hofstee, student body president, will emcee the show.

The one and a half hour presentation was given for primary grade pupils yesterday morning, and was planned for the grade 4-5 pupils this morning at 9:15 a.m.

The presentation this evening is for parents and the general public and is being sponsored by the Student Council. A twenty-five cent admission will be charged for tonight's performance, which starts at 7:30 p.m.

Gurling Speaks Sunday

Edward Gurling, an elder of the church and resident of La Mesa, will bring the morning message to the congregation at Vista La Mesa Christian Church May 16 at 10:30 a.m.

Peter Doyle of La Mesa will preside during the absence of Pastor Ronald E. Nowlin who is heading a group tour of the Holy Land, Rome and Athens.

Nowlin will return to the pulpit May 23. The church is located near University and Massachusetts in La Mesa.

INDIAN BASKETS — Richie Olsen, 4, son of Mr. and Mrs. Richard Olsen of 4026 North Bonita st., Casa de Oro, is entranced by baskets woven by students at Highland Elementary School which are currently on display at the Campo-Conrad branch of the Bank of America in Casa de Oro. The baskets, along with other art from Highlands, will be on display throughout this month. The display marks the second year that art has been displayed at the bank

during May. Don Holland, manager of the branch, and Dick Palmore, a sixth grade teacher at Highlands, worked out an agreement last year so that student art could be displayed. Palmore said that the two are planning to make the display an annual affair, and hope to display art from more schools in the area. Baskets in the photo were woven by Mrs. Blaffers fourth grade class as part of a unit on California history and Indian study.

Mount Miguel Favored To Take Grossmont League Track Finals

LAST HURDLE — Jerry Eubanks, Mount Miguel's ace 120 high hurdler, clears the last hurdle on his way to an easy victory in the final heat of his event during the Grossmont League preliminaries held last Friday at El Capitan High School. Eubanks stopped the clock at 15.5, which equalled his best time of the year, despite winds and a wet track.

With the dual meet season over, all eyes are on the Grossmont League finals this week for track and field excitement following last week's league preliminaries held at El Capitan High School.

And with the dual meet title securely tucked away under the arms of the Mount Miguel Matadors, some eyes have shifted to Helix High, host school for the finals, in looking for the team that will collect the most points.

Other teams expected to be in the running are Mount Miguel and Granite Hills, with El Capitan an outside threat.

Mount Miguel will be the favorite for the affair, after copping the loop crown and going undefeated. The Matadors boast some sure points in Milton Johnson in the 180 low hurdles, Mike King in the shot put, and Bob Morrison in the mile.

Eagles Strong

Granite Hills, with strength in nearly every area, is the second choice, led by Steve Pizkin and Jesse Cabrera.

Third choice and dark horse choice will be Helix, although the Scotties qualified only 15 athletes compared to 17 for Mount Miguel and Granite Hills.

El Capitan ranks the fourth choice after surprising many fans by placing 17 athletes in the competition.

Last Friday, Mount Miguel opened things with a bang as Milton Johnson beat Bill Fudge, of El Capitan, in the second heat of the 100-yard dash with a 10.0 clocking. Johnson will test Marc Romano, of Monte Vista (9.9) in the finals, along with Fudge. Mike Tyer, of Miguel, will also compete in the finals, although he passed up the prelim with injuries.

Lone Representative

Mount Miguel's lone representative in the 220 will be Larry Minard, who took third in his heat Friday against Fudge.

Although Mt. Miguel will have nobody running in the 440, two runners will compete in the 880. They are Larry Trask and Bob Hayes, who took second and fourth respectively in the "fast" heat Friday.

In the mile, Bob Morrison, who easily won his heat Friday, will be the favorite for Mount Miguel.

In the 120-high hurdles, Mount Miguel picked up a pair of first places Friday. John Sullivan won the first heat of the event, while Larry Minard was clocked in 15.5 in the fast heat as he won it.

Slater in High Jump

John Slater was the lone Mount Miguel qualifier in the high jump, as was "Jimmy" Jimenez in the pole vault.

In the triple jump and long jump, Mount Miguel will have John Heimaster, who took second in the triple jump and fifth in the long jump Friday, and Milton Johnson, who took seventh in the long jump.

Mike King will represent Mt. Miguel in the shot put and discus, favored to win the shot put. Third place for

ing in the discus is all that is expected of him.

Helix, however, could cause many surprises in the league finals, as the Highlanders boast the home field advantage at their strongest point: the field events.

Shultz to Win

Rick Shultz will lead the Helix pole vaulters, and should have little trouble beating Monte Vista's Max Gabaldon on the familiar pit.

Another of Helix' strong points is in the triple jump and long jump pits, where the home runways and sand could be a deciding factor.

Another factor that should be considered is the Helix track, which is unlike any other oval in the district. When the Helix football stadium was built, the visitors' bleachers were placed on the inside of the track instead of on the outside as other schools.

Round Track

The result created a rounder track, with longer, broader turns, and shorter straightaways, which plays havoc with visiting relay teams, not to mention 440 men and distance crews.

Tomorrow's meet will get underway at 5 p.m. when field events get started. At 7 p.m. track events will start.

QUALIFYING — John Heimaster, Mount Miguel's leading hope in the long jump and triple jump in tomorrow's Grossmont League finals, is shown here as he qualifies in long jump competition during last Friday's league preliminaries. "Heimie" is expected to get at least a third place in the triple jump and fifth in the long jump in tomorrow's meet at Helix High School. Field events will start at 3 p.m., with track events starting at 7 p.m.

Orioles Miss Chance To Take First Place

The Lemon Grove Lions Club Lionettes, despite having their only scheduled game of the week rained out, kept a firm grip on first place in Lemon Grove Bobby Sox League action last week.

The Skyline T.V. Gremlins pulled off the surprise of the week by outlasting the Severin Realty Orioles, 12-7, to keep the Orioles from climbing to the top of the league standings.

The win for the Gremlins left them with a 3-2 mark for the year, enough for a tie for second place with the Orioles. The Lionettes are still leading the pack with a 3-1 mark.

In the Gremlin-Oriole game, the score was knotted at 7-7 after seven innings of play. The visiting Gremlins, however, scored four runs on a

double by Laurie Jacobsmeier, and a single from Julia Ledesma and another single by Doreen Shult. Another Gremlin run came in during the eighth inning rally on an Oriole error, bringing the score to 12-7.

In the bottom of the inning, the Orioles hit some pretty good shots, but the Gremlins' centerfielder, Monica Way, snared two flies to retire the side.

In other action, the Gremlins belted the L.G. Boosters' Angelettes, 20-10 the Orioles knocked off the Angelettes, 10-7, the Orioles nailed the Quota Club Midgets, 10-8, and the Migets rocked the Angelettes, 21-3.

In minor league action, the IAM Lodge 2215 Emeralds knocked off the Lemon Grove Chrysler Plymouth Crickets, 11-7, the Nalco Plumbing Plumbers beat the Lemon Grove Orthodontic Smilers, 10-0. Emeralds and Smilers were rained out, and the Pipers pelted the Crickets, 14-7.

On Saturday, the Crickets won their first game of the year, a 25-8 conquest of the Smilers, and the Emeralds and Pipers played four innings before the game was called for illegal substitutions on the part of both teams. The game is under protest.

The week's action left the Pipers and the idle Catholic Daughters' Cherubs tied for first place with identical 3-1 marks, while the L.G. Beauty College/Thomas Disposal Stylis made their way to third place. In fourth place are the Emeralds and the Smilers, with 1-2 marks, while the Crickets bring up the rear with a 1-4 mark.

More games are scheduled for this week, starting tonight at 5:30 p.m. on the Lemon Grove Junior High School field. The Lionettes and Orioles each play a pair of games in major league highlights, while the Pipers and Cherubs each play a pair in minor league play to lead the schedule.

Mats' Bats Blast Helix, Monte Vista

From out of nowhere, the Mount Miguel High School baseball team has emerged as a distinct possibility of becoming the Grossmont League Championship team.

At the beginning of last week, the Matadors were in

fifth place, three games in back of the league leader Santana Sultans, and in dire need of prayer if they were to make the C.I.F. playoffs.

On Tuesday, however, the Matadors shocked the Helix Highlanders, 4-2, on the five-hit pitching of Tom Urban, who struck out seven Scotties along the way.

The Miguel crew drew first blood in the second inning, as Bob Gallagher got on base with an error. Sonny Crim and Mike Ursillo followed with singles to load the bases.

A fielder's choice, a sacrifice fly, and a single brought in four runs for the Spring Valley club, which was all Urban needed to notch his fourth victory in six decisions.

Helix got to Urban in the sixth and again in the seventh for runs, but the senior right-hander got out of trouble for the win.

On Friday, Mount Miguel played host to Monte Vista, trouncing the Monarchs, 9-0, in a rain-shortened five-inning game.

Miguel again got all the runs the Mats could use, as Mike Ursillo blasted a double to score a pair of runs in the second and scored moments later on Sonny Crim's single.

The Matadors added a run in the fourth inning and broke the game wide open in the fifth frame, scoring five runs, including a solo home by Mark Schuff.

The game was stalled several times during the course of the afternoon, and was finally ended before the start of the sixth frame.

The win for Mount Miguel left the local team with a 7-5 mark, good enough for a tie with Granite Hills for second place, just one game behind Santana.

Mount Miguel will close the season tomorrow afternoon at Wells Park against El Cajon Valley High, and should start in the C.I.F. playoffs Tuesday, if they finish in the top three in the league standings.

Upsets, Rain Help Norm's To Top Spot

Upset victories and rainouts along with a victory in extra innings brought sole possession of first place to Norm's Gulf last week in Spring Valley Bobby Sox League action.

Norm's Gulf played only one game, but made the most of it, chalking up an 8-7 win over the Optimist Club in nine innings.

Meanwhile, Spring Valley Woman's Club shocked Ham's Painting/Easter Plumbing, 24-14 to up its record to 2-1, good enough for a tie for third place. Ham's came back to knock off Johnson Excavating, 30-20 later in the week, however, to retain second place in the standings.

Galbreath Realty won a game over Optimist Club to move into a tie with idle O'Dell Realty and Woman's Club for third place, each with identical 2-1 records. Galbreath swamped the hapless Optimists, 19-9.

In minor league action, Delp Plastering provided most of the excitement, ousting Coastal Rigging, 27-13, and taking S.D. Sandblasting, 24-5.

In other minor league play, Coastal Rigging upended Broyles & Schaefer/Sportland, 13-8, and Riley Plumbing/SCFNB edged S.D. Linen Supply, 24-23.

More action is set for tonight through next week, with all games played at 5:45 p.m. on the Bancroft School playground, except Saturday games.

John Barrow Tosses No-Hitter, Leads Team To First Place Tie

Slender righthander John Barrow etched the first no-hitter of the 1971 Lemon Grove Little League season last week to move his Walker Scott teammates into a virtual deadlock with the Dodgers for first place in Major division action.

Mission Van and Storage won a pair to close to within a game of the top rung as wet weather forced postponement of two contests.

Barrow, a 12-year-old fastballer, fired his gem past Lemon Grove Lath and Plaster, 4-2. He walked seven and had nine strikeouts with both runs coming on passed balls.

Barrow also took matters into his own hands at the plate with a double and single. Walker Scott scored three times in the first inning to decide it.

The second game of the series was a forfeit win for Walker Scott and raised its season mark to 5-0-1 while Lemon Grove Lath fell to 1-5.

Mission Van used the mound talents of Ray Cox and Dave Terrell to take a pair from Food Basket, 8-1 and 5-2. Glenn Nye was the big gun for Mission with two hits in the opener and a pair in the afterpiece including a three run homer that won it for the defending champions.

Mike Wilson swatted a four-bagger in the first affair as Mission Van upped its record to 4-1-1 and Food Basket went to 1-4-1.

The Dodgers had one game called because of a wet diamond but took the other with a come from behind 5-4 nod over Imperial Meats.

Chuck McCorkell cleared the fence with two on to stake Imperial to a 3-0 first inning edge but the Dodgers knotted it at 4-4 and won on a walk and a throwing error in the sixth.

Tom Bolen captured his third straight pitching assignment to lift the Dodgers to 5-0 and drop Imperial Meats to 1-4.

In the week's final contest, two home runs by Craig Leonetti and another by Mike DiMaggio overcame a 6-2 White Construction lead and gave Murphy Plumbing a 10-9 thriller. Murphy Plumbing now is 1-2-2 while White Construction, loser of three games all by one run, is 1-3-1.

In intermediate division action, Glencoe Foods won twice over Carlton Cabinets, 11-5 and 10-8, to stand alone in first place at 4-0. This week's only other game found Cal West Dri Wall a 15-3 victor over Flower Barrel.

Minor division play saw the Rainiers take a pair from the Beams, 6-3 and 22-9, to keep their unblemished mark going at 4-0. The Colts are 3-0 after a 17-1 romp over the Mounties and VFW Vets got their first nod of the season, 17-8, against the Acorns.

Luigi's Wins, Takes Hold Of First Place in SV Little Loop

Luigi's Restaurant won a pair of games last week to strengthen its hold on first place in Spring Valley Little League action.

Luigi's bested Jackson Supply, 5-1, as Russ Palser struck out 10 batters enroute to the win. Later in the week, Luigi's struck again, this time for a 3-1 nod over Kelton Homes. Mike Haney was the winning pitcher, compiling 10 strike outs.

Meanwhile, second place S & H One Hour Martinizing kept pace by winning a pair of games to emerge as the second place team.

Martinizing survived a shaky start by Rick Stuart to come back for the win. Relief pitcher Vernon Cramen got the side out in the seventh inning and ended up scoring the tie-breaking run in the 6-5 victory.

Martinizing had less trouble with Spring Valley Kiwanis, pounding out seven hits and five runs while Mike Delia tossed a shutout to earn a 5-0 win. Delia struck out 12.

Spring Valley Shopping Center dropped 1½ games off the pace when their second game of the week was rained out. Shopping knocked off Kelton Homes, 8-0, as Tony Ulrich tossed a 2-hit shutout.

Arnold and Company and Al's Electric each split their games to tie for third place

in the standings.

In intermediate league action, Cecil's Hancock and Mary Browne Realtor both won their games to continue in a tie for the league's top spot with 3-0 records.

Cecil's blasted 9 hits and 17 runs enroute to their 17-5 win over Art's Lumber. Mary Browne belted Colorama TV, 13-8.

Art's Lumber is in third place with a 1-2 mark, while Oscar's Drive In is in fourth with a 0-1 mark. Colorama TV and North Island Test Line are tied for last with 0-2 records.

All other games were rained out in intermediate league play.

Colwell Insurance won two games last week to take over first place in minor league action, dropping Jim Nicoll's Racers, 10-6, and outlasting Loyal Order of the Moose, 9-8.

Pat's Rentals and Tea Pot Inn each split their games last week to move their season marks to 2-2, enough for a tie for second place.

In rookie league play, Stroh's Lomita Bowl blasted SV Boosters, 15-9 to move into a tie for third place behind Polar Frozen Foods and Foster Freeze.

All other Rookie League games were postponed due to rain.

Action this week starts to-

loneliness; "Flat Flip Flies Straight," directed by Dallas Garred, a story of a boy, a dog and a "frisbee" that adds up to a whole lot of fun and "Some of my Best Friends are Bottomless Dancers," an interesting and different film about an ex-Folies Bergere choreographer who now teaches exotic dancing to San Francisco's stripteasers and belly dancers.

HOME SHOW — Two outstanding Lemon Grove citizens greet at Vacation Village as plans are readied for the 34th Annual Spring Home Show scheduled for the Community Concourse May 18-23.

The two are Robert Browne, proprietor of Browne's Maytag Home Appliance Center of 3282 Main st., and Laura Bolieu, newly elected Miss Lemon Grove.

Browne is also vice president of the Bureau of Home Appliances. Miss Bolieu will serve as hostess for the Home Show. Browne said this year's show will be the largest ever produced, and will feature exciting home modernization ideas in remodeling, furnishing, lighting and decor. He said there would also be other special new shows and displays, such as "Life Lane, U.S.A.," an avenue of simulated homes featuring outdoor and garden lighting; the "Wonderful World of Wool" fashion shows and lamb barbecuing; the new "Consumer Center"; and a new type of modular home. Show hours on opening day, Tuesday May 18th, will be from 6:00 p.m. until 10:30 p.m. Thereafter the show will open every day at 1:00 p.m. and stay open until 10:30 p.m. until the show closes Sunday night, May 23rd. Adult admission is \$1 and children accompanied by adults are free. Discount tickets may be obtained at any Safeway Store, said Show Manager J. Clark Chamberlain.

Fire District Tax Cut Likely

A fire district tax of 81 cents or less is seen for property owners of the Lemon Grove Fire District, Fire Chief Pappy Hensley said this week.

V. J. Dorman, district counsel, said that a rate lower than the present 81 cents is

likely. Although the district faces a higher budget, the nominal two per cent increase in assessed valuation in the district was believed to be able to cover the increase.

"With assessed valuation up nearly ten per cent, it appears the directors of the district would consider reducing the rate," Dorman said.

Tax assessment notices were issued earlier this month by the County Assessor's office. Many property owners found their assessments up by as much as 25 per cent.

Local Foster Parents Get Awards At Appreciation Day Held May 2

One hundred and sixty four foster parents were honored by the San Diego County Department of Welfare at the recent 11th Annual Foster Parents Appreciation Day.

Honorees had all been licensed at least five years. Eight had been foster parents for 20 years. Mrs. Hilda Miner of Escondido has been licensed for 35 years; and, although a widow with a great-grandchild of her own, she is still happily caring for other people's children.

Then there is Miss Lizzie

Sherman of San Diego who has cared for more than 300 children in the last five years. Hers is an emergency care home in which children are placed when there is no room in Juvenile Hall or Hillcrest; she cares for any age up to a week at a time.

At present, the San Diego County Welfare Department has 1000 full-time licensed foster homes, covering the county from Borrego and Oceanside to Imperial Beach. There are no "typical" foster parents; occupations include park ranger, tile setter, mailman, minister, research engineer, hod carrier, fireman, watchmaker, widow on a pension.

"The characteristic they all share is understanding of troubled children — a desire to give them love and help them grow," says Jennie McKown, Chief, Foster Home Licensing for the Welfare Department. "And since these children are only placed tem-

porarily — even though their stay in the foster home may last several years — the foster parents must be able to let them go when the time comes."

The County Foster Home Licensing Section has a staff of 42 who recruit, evaluate, and license these homes. The main licensing office is in the Welfare Department's Adoption Center on Levant st.; six staff members serve the North County from the Escondido Welfare office. Both full-time and day-care homes are licensed through the Welfare Department.

Licensing procedures include interviews and home visits to be sure physical facilities meet basic requirements for health and safety, and that applicants have the warmth and emotional stability to be good foster parents.

Foster parents who were honored at the appreciation day May 2 include several from the local area. Honorees from Spring Valley were:

Mr. and Mrs. James Brown, of 8871 Kelburn st.; Mr. and Mrs. Gerald Chapman, of 3343 Lakeview dr.; Mr. and Mrs. Mariano Dominguez, of 10273 Herdfield way; Mr. and Mrs. Frederick Everson, of 3402 South Granada ave.; Mr. and Mrs. Ward Minich, of 8766 Leigh ave.; and Mr. and Mrs. Guy Scott, of 552 Broadview st., all receiving five year awards.

From Lemon Grove: Mr. and Mrs. Murray Deeter, of 3022 Mazer st.; Mr. and Mrs. James Humphries, of 2057 El Prado ave.; and Mr. and Mrs. Richard Zimmerman, of 1884 Primera st.; all receiving five year awards. Mr. and Mrs. Paul Waltz, of 4145 Massachusetts ave., were given a 10-year award, while Mr. and Mrs. Frank Garcia, of 2607 Washington st., were given a 25-year award.

From Brookside, Mr. and Mrs. B. A. Adams, of 2574 Trophy dr., and Mr. and Mrs. David Weber, of 3615 Fairway dr., were given five year awards.

Alan Cranston Co-Sponsors Research Bill

Senator Alan Cranston announced his co-sponsorship of S. 1794, a bill introduced by Senator Gaylord Nelson (D., Wis.), to authorize the appropriation of \$4 million in fiscal 1972 for pilot field research programs to control agricultural and forest pests by biological-cultural methods.

Biological control utilizes pest predators to destroy harmful insects while cultural control alters farming methods to encourage the presence of beneficial insects in the field, along with the crop.

"There is evidence that some chemical pesticides are harmful to the environment as well as to man," Cranston said, "and the biological-cultural method of controlling pests is a welcome alternative to the use of dangerous pesticides."

Agricultural yields in California have increased by 65 percent over the past 30 years, partly because of the use of pesticides. "Now, however," Cranston said, "we have discovered that pests have developed a resistance to these chemical pesticides."

College Site Given O.K. By Council

The Grossmont Community College Board of Trustees met Monday night and heard a report from district Superintendent Robert Burnham on progress in the attempts to get a second campus for the Grossmont Community College District.

Burnham told trustees that the California Coordinating Council on Higher Education approved last week the proposal to acquire property for the second campus.

The proposal was tentatively approved last year, pending revised enrollment forecasts. The council's recommendations were based on forecasts that the district's enrollment was expected to soar in the next few years.

The district hopes to purchase 162 acres of Rancho San Diego land in the Spring Valley. The state will pay roughly 75% of land acquisition costs, which means that the site cannot be obtained unless enough funds are included in the governor's 1971-72 budget.

Burnham told trustees that there was an excellent chance that the funds would be included in the budget. The approval of the council was for property acquisition only, and does not include site preparation or construction work.

Site preparation and construction work approval is expected to be approved next year, with work on the new campus to start in 1973.

The board approved the hiring of Frank L. Hope and associates to handle architectural work on the campus, which is subject to county approval.

A city-wide campaign for Assemblyman Pete Wilson for Mayor was opened here this week.

8,000 letters carrying the names of about 125 well-known San Diegans including Kim Fletcher, Ivor de Kirby, Hamilton Marston and Tom Hamilton urged support for Wilson for Mayor. Wilson, 37, serving his third two-year term as assemblyman, has not confirmed that he is in the race.

Meanwhile, on Monday, at Town and Country, a \$10 a plate dinner honoring present Mayor Frank Curran will be held. The mayor has already expressed his intentions to make the race again this year.

Mobilehome Burglary Nets Year In Honor Camp For Valley Man

SAN DIEGO (CNA) — A Spring Valley man who pleaded guilty to burglarizing a trailer home was ordered Monday in Superior Court to spend a year in the honor camp as a condition of probation.

William Lee Nichols, 27, of 9178 1/2 Birch st., Spring Valley, was arrested on Feb. 4 after witnesses saw him taking things from a trailer in a park in Imperial Beach.

Nichols changed his innocent plea on April 10 to guilty.

Until now, Nichols has spent only five days in jail, being at liberty the rest of the time since his arrest.

Spring Tour Planned By College Band

Grossmont College's Concert Band, with Charles MacLeod conducting, and Daniel Allison as featured clarinet soloist, will perform three concerts on their first Spring Tour scheduled for this weekend.

The band will play two afternoon concerts at Balboa Junior High School in Ventura followed by an evening concert at Buena High School, also in Ventura. The Concert Band recently played a benefit concert to raise money for their tour. The Associated Students of Grossmont College also provided funds to help defray expenses of the tour as district funds are not available for this purpose.

Upon their return from their first Spring Tour, the Concert Band will start preparing for the annual combined Music Department Concert scheduled for June 6, in the college gymnasium.

Public Health Dept. Notes Quarantine

The County of San Diego Department of Public Health reminded residents that mussels and the dark meat of clams have once again been quarantined as unfit for human consumption by the State Department of Public Health. The quarantine, effective May 1 through October 31 each year, applies to all bays, beaches and marinas along the entire California coastline.

Dr. J. B. Askew, director of public health, said that during this quarantine mussels and the dark meat of clams may contain a poison fatal to humans and should be used only for fish bait.

"The poison comes from a tiny marine organism, Gonaulax catenella," Dr. Askew said, "which the shellfish eat. The tiny creatures, present in coastal waters all year, multiply by the billions as the weather warms."

"They become so abundant," according to Dr. Askew, "that they color the ocean red by day and give it a luminescence by night. This is what we refer to as the red tide."

Dr. Askew went on to say that as mussels eat the Gonaulax, the poison accumulates in their bodies. "While the poison doesn't seem to affect the mussels, it can cause a respiratory paralysis in people who eat the shellfish. Unfortunately, there is no antidote known for the poison."

"When clams eat these organisms they store the poison in their dark meat," Dr. Askew said. "Because of this, people should clean the clams very thoroughly and eat only the white meat."

Homes with three or more bedrooms are most popular with buyers, according to the National Association of Real Estate Boards.
